October Newsletter

Dear Parents

Welcome to our monthly newsletter. We are now well into the Autumn Term and the children have settled back into Nursery very well, the older children remembering our daily routines and helping the new and younger children to adapt and learn about life with us.

Week commencing 6 November is our 'Parent Meeting Week'. These meetings are invaluable and give you the opportunity to meet with your child's key person and to talk about your child's development progress, and to share any other information that you think is important to us.

You will be able to book your appointment time from Monday 16 October. We limit these meetings to 10 minutes maximum so that we are able to see all parents, if you need any longer than this we ask that you book an additional appointment in a separate week.

Tapestry This is a new electronic system we are using in the Nursery to show your child's development and progression. A separate letter with more details will be sent out to you soon.

Nut Policy A ParentMail was sent home regarding our policy as a 'Nut Free School'. We have pupils and a staff member with severe nut allergies at school, and we therefore ask that you do not send in nuts or products containing nuts of any kind to school. We thank you for your cooperation with this.

We also have a child in the Nursery with a severe allergy to **oranges** and we therefore ask that you do not put oranges, satsumas or tangerines in your child's lunch box.

DSP Photographers will be at the school on Tuesday 7 November to photograph all children at the school and the nursery, there will be group and individual photos. Children with younger siblings will be able to have their photos taken together if they come into the school before 8.45am.

If you have any queries, questions or anything you would like to discuss, please do not hesitate to come and see me or a member of my team.

Kind regards

Gemma Maxwell
Nursery Manager
